

2025 GRANT CYCLE

The Holle Family Foundation supports nonprofits that reflect the lifelong interests of Brigadier General Everett Holle: fulfilling societal needs, developing scholarship, leadership development and celebrating history and culture. The fund makes grants only to 501(c)(3) nonprofits that closely align with Holle Family Foundation goals.

What We Look For

The Holle Family Foundation has limited funds with which to make grants. Oftentimes, the request for qualified grants greatly exceeds the grant funds available. In order to make the greatest impact with the funds available, we prefer requests that:

- Address a critical community need
- Solves an immediate physical need
- Addresses the root causes of a problem in an innovative or entrepreneurial manner
- Does not duplicate existing services

- Are pilot projects which, if successful, can be expanded to serve a wider population or be duplicated by other organizations
- Involve collaboration and cooperation with other organizations and agencies
- Include an effective mechanism for measuring the impact of Foundation's investment.

Applicants will not be funded on an ongoing annual basis unless the terms of the grant specifically provide for multi-year funding.

All grants are reimbursable grants. Reimbursement (in the form of a check) will be sent once your project is complete and we have received all the appropriate final report paperwork.
